

**FIRST AMENDMENT TO THE AGENCY AGREEMENT FOR COUNTYWIDE
HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM**

This is the First Amendment to the "Agency Agreement for Countywide Household Hazardous Waste Collection Program," (AGREEMENT) by and between the participating jurisdiction (CITY/TOWN) and the County of Santa Clara, (COUNTY), which was effective on July 1, 2003.

The COUNTY and the CITY agree that:

Section 17. ADDITIONAL SERVICES UNDER THIS AGREEMENT is amended in full as set forth in **Exhibit A**, attached hereto and incorporated by reference herein.

The following attachment of said AGREEMENT is amended in full as shown in the attachment hereto and incorporated by reference herein.

Attachment C. HHW Schedule for Fiscal Year 2004/2005

Except as amended herein, all terms and conditions of said AGREEMENT shall remain in full force and effect.

The effective date of this Amendment is July 1, 2004.

IN WITNESS WHEREOF, COUNTY and CITY, through their duly authorized representatives, have entered into this First Amendment to the AGREEMENT on the date shown below:

COUNTY OF SANTA CLARA

CITY/TOWN OF Milpitas

EXHIBIT A

17. ADDITIONAL SERVICES UNDER THIS AGREEMENT

CITY may elect to augment funding provided for in this Agreement with CITY funds. Additional services shall be made available upon written agreement between the CITY's authorized representative and the Director of the Department of Environmental Health. Additional services may include, but are not limited to, additional appointments (charged at the variable cost per car rate), Door-to-Door HHW Collection and Used Oil Filter Collection.

CITY agrees to augment up to an additional \$ _____ to the Countywide HHW Program during Fiscal Year 2005 for the purpose of increased resident participation above the 3% service level. Augmentation will be calculated at the variable cost per car rate which is estimated at \$60.00 per car. Fiscal Year 2006 funding augmentations shall be agreed upon in writing by the Director of the Department of Environmental Health and the designated CITY representative. Other services will be charged on a cost recovery basis.

If the CITY elects to augment funding, the COUNTY will bill CITY at the end of each fiscal quarter for additional resident participation above the 3% service level. Payment is due within 30 days of the invoice date. At the end of each fiscal year, a final annual cost statement shall be prepared by the COUNTY and issued to the CITY. The annual cost statement will take into consideration costs incurred on behalf of the CITY for additional services and all payments made by the CITY to the COUNTY. If any balance is owed to the COUNTY, it will be due within 30 days following receipt of the annual cost statement. If any credit is owed to the CITY, COUNTY will refund that amount to the CITY within 30 days of the annual cost statement.

*SUBJECT TO CHANGE

AGENCY AGREEMENT FOR COUNTYWIDE
HOUSEHOLD HAZARDOUS WASTE
COLLECTION PROGRAM

This Agreement is made by and between the City of Milpitas (CITY or Participating Jurisdiction) and the County of Santa Clara (COUNTY) on the 3rd day of June 2003.

RECITALS

WHEREAS, the County Board of Supervisors has approved a Countywide Household Hazardous Waste Collection Program whereby residents of the county and participating jurisdictions will have an opportunity to safely dispose of household hazardous wastes, regardless of the specific location at which an event has been scheduled; and

WHEREAS, the participating jurisdictions desire to provide residents with convenient opportunities to safely dispose of their household hazardous waste (HHW) in order to encourage the proper disposal of toxic products, and avoid unauthorized or improper disposal in the garbage, sanitary sewer, storm drain system, or on the ground, in a manner which creates a health or environmental hazard; and

WHEREAS, the participating jurisdictions desire to provide a safe, convenient, and economical means for residents to dispose of household hazardous wastes. These wastes include, but are not limited to, common household products such as household cleaning products, spot remover, furniture polish, solvents, oven cleaner, pesticides, oil based paints, motor oil, antifreeze and car batteries. Residents of the CITY listed above will be eligible to bring household hazardous wastes to any household hazardous waste collection event where these wastes will be accepted for proper disposal as described below; and

WHEREAS, the participating jurisdictions desire to schedule Household Hazardous Waste Collection Events (Events) for residents for FY'2004 through FY'2006 (July 1, 2003 - June 30, 2006); and

WHEREAS, the participating jurisdictions desire to provide household hazardous waste collection services to a minimum of 3% of the households per fiscal year in each participating jurisdiction; and

WHEREAS, the County Board of Supervisors has approved a Countywide Household Hazardous Waste Fee (HHW Fee), as authorized by Public Resources Code 41901, to be collected at \$1.85 on each ton of waste disposed of at landfills located within the county or taken to non-disposal facilities located within the county and subsequently transported for disposal to landfills located outside of Santa Clara County.

4. ABANDONED WASTE DISPOSAL COST

Abandoned Waste Disposal Costs will be \$0.12 per household for all households in the cities and towns of Santa Clara County and in the unincorporated area of the County. The Abandoned Waste Disposal Cost will fund disposal of HHW illegally abandoned at Nonprofit Charitable Reuser organizations defined in PUBLIC RESOURCES CODE SECTION 41904.

5. VARIABLE COST PER CAR

The Variable Cost Per Car is the cost associated with actual labor, waste disposal, transportation and other services provided to the residents at the County Household Hazardous Waste Collection Facilities (CoHHWCF) and at Temporary Events. The Variable Cost Per Car is estimated to be approximately \$60 per car for Fiscal Year 2003. The estimated cost per car will be adjusted annually to reflect actual service costs. After Fixed Program Costs and Abandoned Waste Disposal Costs are allocated on a per household basis, the Variable Cost Per Car will be used to calculate the costs to service 3% of households across all participating jurisdictions. If the level of 3% of households is not reached in a particular jurisdiction, the CoHHW Program will use the remaining balance of funds, in cooperation with the CITY that has less than 3% participation levels, to increase public outreach and/or provide additional services in that jurisdiction the following year.

6. AVAILABLE DISCRETIONARY FUNDING

The Available Discretionary Funding portion will be allocated based on the tons of waste generated within each jurisdiction, and after allocation of Fixed Program Costs, Abandoned Waste Disposal Costs, and Variable Per Car Costs. Available Discretionary Funds will be paid as directed by each jurisdiction. Available Discretionary Funds must be used for HHW purposes. Options for how to spend these funds include, but are not limited to, increasing the number of residents served in that jurisdiction by the CoHHW Program, subsidizing curbside used motor oil collection, emergency HHW services, funding HHW public education, or providing special programs such as door-to-door collection of HHW for the elderly and/or persons with disabilities.

7. ADMINISTRATION AND PAYMENT OF HHW FEE

The Santa Clara County Integrated Waste Management Program (IWMP) will administer the HHW Fee, as part of the existing landfill billing system. Administration and payment will be made in accordance with the AGENCY AGREEMENT FOR COUNTYWIDE AB 939 IMPLEMENTATION FEE.

shall provide or contract for the services of properly trained, qualified personnel and hazardous waste haulers, and shall provide or secure suitable equipment and supplies to properly receive, package, label, haul, recycle and dispose of the household hazardous wastes collected at Events.

11. HOUSEHOLD HAZARDOUS WASTE COLLECTION FACILITIES

COUNTY shall conduct collection operations at three County Household Hazardous Waste Collection Facilities (CoHHWCF). The CoHHWCF will operate a reuse program, offering usable materials to the public at no charge. The COUNTY shall obtain all necessary permits and licenses required for the CoHHWCF and shall provide or contract for services, equipment, and supplies to properly receive, package, label, haul, recycle and dispose of wastes collected. The CoHHW Program will schedule an adequate number of collection days to provide service to 3% of households in each participating jurisdiction.

The CoHHWCFs are located at:

- ✦ *Sunnyvale Recycling Center, 164 Carl Road., Sunnyvale*
- ✦ *Tenth Street Center, 1600 10th Street, San Jose*
- ✦ *San Martin, 13055 Murphy Avenue*

12. SMALL BUSINESS RECYCLING AND DISPOSAL PROGRAM

COUNTY will provide services to accept hazardous waste from Conditionally Exempt Small Quantity Generators (CESQG). A CESQG is defined by federal regulation as a business that generates less than 100 Kilograms (220 lbs.) of hazardous waste or 1 Kilogram (2.2 lbs.) of extremely hazardous waste per month. Eligible businesses within the County will be allowed to bring their hazardous waste to CESQG collection events, which will be scheduled at the CoHHWCF. This program will not be subsidized by participating jurisdictions. Services to businesses will be provided on a cost recovery basis, which will include program administration, on-site collection, transportation, and disposal costs. COUNTY will assume responsibility for collecting fees from participating businesses. See Attachment D, titled Santa Clara County CESQG Drop-off Price List. The Santa Clara County CESQG Drop-off Price List is subject to change at the discretion of County to reflect increases or decreases in CoHHW Program costs.

13. ABANDONED HOUSEHOLD HAZARDOUS WASTE

The CoHHW Program will allow for the disposal of abandoned HHW by government agencies and nonprofit charitable reusers. Abandoned HHW means a HHW left at a property by an unknown party. Abandoned household hazardous waste does not include waste generated by a known organization or agency in the course of normal business operations such as, but not limited to, the assembly or manufacture of products from new or used materials or the provision of charitable services such as classroom education, meal preparation, and shelter, or the provision of services for a

17. ADDITIONAL SERVICES UNDER THIS AGREEMENT

CITY may elect to augment funding provided for in this Agreement with CITY funds. Additional services shall be made available upon written agreement between the CITY's authorized representative and the Director of the Department of Environmental Health. Additional services may include, but are not limited to, additional appointments (charged at the variable cost per car rate), Door-to-Door HHW Collection, Used Oil Filter Collection and Abandoned Waste Collection.

CITY agrees to augment up to an additional \$ 0.00 to the Countywide HHW Program during Fiscal Year 2004 for the purpose of increased resident participation above the 3% service level at the scheduled collection dates listed in Attachment C. Augmentation will be calculated at the Variable Cost Per Car rate which is estimated at \$60.00 per car. Fiscal Year 2005 and FY 2006 funding augmentations shall be agreed upon in writing by the Director of the Department of Environmental Health and the designated CITY representative. Other services will be charged on a cost recovery basis.

If CITY elects to augment funding, COUNTY will bill CITY, at the end of each fiscal quarter for additional resident participation above the 3% service level. Payment is due within 30 days of the invoice date. At the end of each fiscal year, a final annual cost statement shall be prepared by COUNTY and issued to CITY by November 15. The annual cost statement will take into consideration costs incurred on behalf of CITY for additional services and all payments made by CITY to COUNTY. If any balance is owed to COUNTY, it will be due within 30 days following receipt of the annual cost statement. If any credit is owed to CITY, COUNTY will refund that amount to CITY within 30 days following delivery of the annual cost statement.

18. INFORMATION AND APPOINTMENT LINE

COUNTY will operate a telephone information and appointment desk Monday through Friday, from the hours of 8:30 a.m. to 4:30 p.m. The information service will register residents for the Temporary HHW Events and CoHHWCF and provide information about hazardous household materials. CITY will be notified when indicated resident participation approaches the 3% base level of service.

19. SCHEDULING AND SITE SELECTION

COUNTY shall work with CITY to determine the date(s) of the Events and collections at the CoHHWCF. CITY shall coordinate with COUNTY in locating and securing sites for Temporary HHW Events. It is recognized that some of the jurisdictions participating in the CoHHW Program may not have appropriate sites available. A proposed schedule of Temporary HHW Events and collections at CoHHWCF is included as Attachment C. COUNTY will schedule an adequate number of collection days to serve the 3% level of service in each participating jurisdiction.

23. PRIVATE SPONSORED EVENTS

COUNTY may also secure funding from corporations or agencies to conduct HHW Collection Events for corporate employees and residents of participating jurisdictions. The transportation, treatment and disposal liability for nonresident employee participation in these events shall be shared by all participating jurisdictions and the COUNTY, as described in Section 27 of this agreement. Summary information concerning these corporate sponsored events will be included in the CoHHW Program's annual report to the participating jurisdictions.

24. INSURANCE CERTIFICATES

Contractors who provide hazardous waste transportation, treatment, or disposal services shall have insurance with the following minimum limits: General Comprehensive - \$1 million per occurrence, \$2 million aggregate; Auto -\$1 million; workers compensation -- statutory limits established by law; and environmental impairment liability -\$1 million per occurrence, \$2 million aggregate. Other contractors shall have insurance in amounts to be determined by COUNTY Insurance Manager, after consultation with CITY. COUNTY shall obtain insurance certificates from each of the contractors prior to the contractor providing service to the program. All insurance certificates shall name CITY, its officers and employees as additional insured.

25. WASTE TRACKING AND REPORTING

Within 30 days following the end of each quarter, COUNTY will provide a report to CITY regarding participation rates from each participating jurisdiction. Midyear and year end reports will outline the types and quantities of waste collected, the amount of waste diverted for reuse or recycling and the waste management method for each waste stream and associated costs for transportation and disposal. COUNTY will prepare a report summarizing program activities which were delivered to the participating jurisdictions no later than six months after the end of COUNTY's fiscal year.

It will be assumed for cost and reporting purposes that each participating jurisdiction is contributing to the waste stream in proportion to the number of its residents who directly participate. For purposes of any potential disposal liability, each participating jurisdiction shall be deemed a discharger of only its pro rata proportion of household participation in the Program. For example, if the program served 1,000 vehicles from the City of Milpitas and 10,000 vehicles total from all participating jurisdictions, the pro rata portion of household participation from Milpitas would be ten percent. See also Section 27.

COUNTY shall take steps to assure that the quarterly statements to jurisdictions reflect the funds necessary to cover costs for CITY participation in services scheduled

portion shall be determined by calculating the percentage of nonresidents participating in the event. This percentage will then be subtracted from the total liability for the household hazardous waste prior to assessing CITY's apportioned share of any liability for the household hazardous waste.

COUNTY shall require CESQGs and Nonprofit Charitable Reusers to indemnify COUNTY for their apportioned share of any liability incurred and attributed to the Countywide HHW Program for the transportation, treatment, or disposal of their hazardous waste, once the waste has been accepted by a licensed hazardous waste hauler. The CESQG and Nonprofit Charitable Reuser portion of the waste shall be determined by calculating the percentage, by weight, of the total household hazardous waste accepted by the CoHHW Program. This percentage will be used to calculate the portion of liability attributed to CESQGs and Nonprofit Charitable Reusers and will be subtracted from the total liability prior to assessing CITY's apportioned share of any liability for household hazardous waste.

28. TERMINATION

This Agreement may be terminated by any party upon one-year (365 days) written notice given by the anniversary date of each contract year.

29. TERM OF AGREEMENT

The term of this Agreement shall be from July 1, 2003, to June 30, 2006, or until all revenue from the last quarter's Fee payments has been distributed, whichever is later.

30. EXTENSION OF TERM

This Agreement may be extended for succeeding three-year terms if COUNTY and participating jurisdictions so agree in writing.

31. INDEPENDENT CONTRACTOR

Each party shall perform responsibilities and activities described herein as an independent contractor and not as an officer, agent, servant or employee of any of the parties hereto. Each party shall be solely responsible for the acts and omissions of its officers, agents, employee, contractors and subcontractors, if any. Nothing herein shall be considered as creating a partnership or joint venture between the parties.

32. EXECUTION BY COUNTERPART

This Agreement may be executed in any number of counterparts, each of which shall for all purposes be deemed an original and all of which shall together constitute one and the same instrument.

IN WITNESS WHEREOF, the parties have executed this AGENCY AGREEMENT
FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION
PROGRAM on the dates as stated below:

	HOURLY OFFICE FEE (IF NECESSARY)	\$40.00/HR.

PRICES AS OF 7/01/02. PRICES SUBJECT TO CHANGE. FOR QUESTIONS CALL (408) 299-7300.

Attachment E

HOUSEHOLD HAZARDOUS WASTE EMERGENCY COLLECTION PLAN

1: PURPOSE

The purpose of the Household Hazardous Waste Emergency plan is to minimize potential public health and safety impacts, as well as to minimize costs and confusion during an emergency or disaster. This Attachment will provide clarification to local jurisdictions about services the County can provide and the responsibilities of each party for the collection of household hazardous wastes (HHW) in response to an emergency.

Jurisdictions should contact local emergency agencies, the Governor's Office of Emergency Services (OES), and the Department of Toxic Substances Control (DTSC) for more specific information on hazardous materials emergency response.

2. Timing of HHW

While it is important to have special collection opportunities for disaster-related HHW as soon as possible to avoid illegal disposal or harm to people and/or the environment, having an event or service too soon after a disaster may result in low participation. Sufficient public notification, assessment and monitoring of the disaster and cleanup process by the City HHW Coordinators is essential.

3. Public Information/Notification:

Cities should be prepared to provide the public with information related to the problems associated with HHW along with information about special collection events and services. Upon the decision to hold an emergency collection event, it is the City's responsibility to prepare and deliver the necessary public outreach to notify the public of an upcoming event. A City's public outreach program should evaluate all forms of media including: newspaper ads, posters, flyers, press releases, banners, door-to-door notices, roadside signs, signs on dumpsters, radio public service announcements, and television public access stations. Be aware of communities where multiple language ads will be necessary.

4. State HHW Collection Permits

The State Department of Toxic Substances Control (DTSC) is responsible for issuing the necessary state permits for HHW collection facilities. During an emergency, the County will obtain the necessary emergency permit, for special collection of household hazardous waste, from DTSC through their expedited approval process.

The County agrees to provide the City with a detailed accounting of services provided for an emergency collection. Documentation will track the time and materials of staff, outside contractor expenses, and quantities and types of waste collected to demonstrate that the wastes were generated above and beyond existing collection programs.

Services to businesses will be provided on a cost recovery basis and according to Attachment D of the AGENCY AGREEMENT FOR COUNTYWIDE HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM, which includes program administration, on-site collection, transportation, and disposal costs. The County will assume responsibility for collecting fees from participating businesses.

7. State and Federal Assistance and Funds

It is the city's responsibility to pursue reimbursement from State or Federal agencies.

State Office of Emergency Services (OES)

The OES is responsible for requesting assistance on behalf of local jurisdictions for resources beyond the capability of the jurisdiction. State assistance may include assistance available from State, Federal, or private sources. If a local jurisdiction is declared a state disaster area, and the local jurisdiction deems that the needs of the disaster response are beyond its capabilities, then the local jurisdiction can request assistance and reimbursement of costs from OES.

Follow Standardized Emergency Management System (SEMS)

All requests and emergency responses must be in accordance with the SEMS. The State Department of Toxic Substances Control may have funding available for hazardous waste response and collection.

Federal Assistance

If a state disaster area is declared a federal disaster, then federal funding assistance may be available through the State OES. Funding and assistance may be available from Federal agencies such as FEMA and the U.S. EPA.

Damage estimates: The city should provide to the State OES estimates of damages and a "scope of work requested." It is recommended that the local HHW coordinator meet ahead of time with local emergency agencies or State OES contacts regarding the proper procedures and wording of requests for assistance.

Emergency Planning Contacts and Personnel

Primary County Contact: Department of Environmental Health
Household Hazardous Waste Program
Ed Ramos
Hazardous Material Specialist
408-299-7300

Responsibility: Coordinate and establish proper collection and disposal methods for household hazardous waste. Assess the need for HHW and CESQG services in consultation with the City and other operations.

CHEMTREC Emergency number, (800) 424-9300
Non-emergency (800) 262-8200

Chemtrec is a public service established by the Chemical Manufacturers Association. The Center was developed as a resource for obtaining immediate emergency response information to mitigate accidental chemical releases, and as a means for emergency responders to obtain technical assistance from chemical industry product safety specialists, emergency response coordinators, toxicologists, physicians, and other industry experts to safely mitigate incidents involving chemicals.
